LDAWE has been offering full day camp for years. It started as a couple of hours a day a couple days a week. Parents said they wanted a full day opportunity. LDAWE developed an intake process. Focus of these camps is on assistive technology training. Families are allowed to select a week based on the theme. Many parents chose all 5 weeks. The students that attended the 5 weeks showed many more gains than the student in the one block. The intake process is going to be reviewed to better assess whether the camp is appropriate for the needs of the children applying.
